

Government imposed change in each B&B during the Corona period:

The government demands that these changes follow. The manager cannot change that.

- The minibar cannot be used by customers.

You can ask in person if you want a drink. Prices are displayed on the kitchen door or in the room. Own drinks or frozen elements cannot be cooled during this period.

- Only allow a couple per table or a group of people who are in a bubble.

Maximum 2 people or specified by the government depending on the Corona situation.

- Additional pillows, magazines, books, brochures, board games and open bins are not allowed in the room.

These additional facilities are available and can be obtained simply if you request it.

- You can request tourist information from the establishment.

- For hotels, you serve a continental breakfast at separate tables.

Varied composition in individual packaging, the buffet is not allowed. Then everything is thrown away. Regional breakfast with large pots on the table or in the form of a buffet is therefore temporarily prohibited.

- The common area remains closed.

This room is only open for meals.

In PHASE 4 breakfast and other meals from the catering service are served in the rooms. Crockery is only provided with food ordered through the B&B. Only food from the caterer may be consumed in the rooms. Drinks during meals must be purchased from the minibar. Reheating food is not possible.

- Complete the contact follow-up form and give it to the operator at the end of your stay.

Additional health and safety measures

Safety Precautions

- Staff follow all local authority safety protocols.
